

Tristein Metal Fabricators (Private) Ltd

Building strength. Delivering trust.

Structural &
Fabrication

Doors, Windows
& Installations

Custom Steel
Solutions

Harare's trusted workshop for steel fabrication, gates, aluminium windows, garage doors and installation work.

About Us

Tristein Metal Fabricators is a Harare-based workshop serving homeowners, builders, contractors and industrial clients. From Msasa Park we design, fabricate and install steel structures, access systems and security solutions that are built to last.

Our team combines certified welding, accurate measuring and site-smart installation to deliver work that looks sharp and stands strong through Zimbabwe's rainy seasons and hot summers. Whether you need a single gate or a full warehouse shade, we quote clearly, fabricate in-house and install with our own riggers.

Quality Workmanship	Certified welding, straight lines and finishes that last through Zimbabwean seasons.
Durable Solutions	Correct steel grades, primed and coated for real-world weather and wear.
Expert Team	Fabricators, installers and riggers who have worked steel for over a decade.
Customer Satisfaction	Clear quotes, agreed timelines and a workshop you are welcome to visit.

Our Services

Structural & Fabrication

- Pergolas & shade structures
- Balustrades & handrails
- Tank stands
- Laser / plasma cutting
- Palisade fencing
- All metal fabrication & repair
- Civil engineering works

Doors, Windows & Installations

- Sliding gates
- Aluminium windows
- Garage doors
- Warehouse shades
- Gate motor installation
- Razor wire installation
- Steel roofing

Every project starts with a site discussion or workshop visit, followed by a clear written quote, scheduled fabrication and professional installation.

Products & Indicative Prices

Prices are indicative starting points. Final quotes depend on size, finish, site access and material choice.

Sliding Driveway Gate	Gates & Doors	\$780	from · 4m span	50x50 box frame, 25mm infill bars, powder-coated finish, rollers & track included.
